

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Lanktree
DOCKET NO.: 20-47273.001-R-1
PARCEL NO.: 10-34-122-020-0000

The parties of record before the Property Tax Appeal Board are Sean Lanktree, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,400
IMPR.: \$29,315
TOTAL: \$37,715

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,395 square feet of living area. The dwelling is approximately 78 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 1.5-car garage. The property has an 8,400 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property, along with property characteristic printouts for the subject and the comparables. Based on the property printouts, the comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry

exterior construction ranging in size from 2,590 to 3,388 square feet of living area. The homes range in age from 63 to 77 years old. Three comparables each have a basement, two of which have finished area, and one comparable has a crawl space foundation. Three comparables each have central air conditioning, three comparables have either one or two fireplaces, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$25,881 to \$36,519 or from \$9.99 to \$11.28 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,715. The subject property has an improvement assessment of \$29,315 or \$12.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,249 to 2,438 square feet of living area. The homes range in age from 65 to 77 years old. Each comparable has an unfinished basement and central air conditioning. Three comparables each have one fireplace and three comparables each have a 1-car garage. The comparables have improvement assessments ranging from \$30,555 to \$35,389 or from \$13.59 to \$15.39 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which are more similar to the subject in location, design, age, dwelling size, and features. The comparables have improvement assessments of \$30,555 and \$35,389 or \$13.59 and \$15.39 per square foot of living area, respectively. The subject's improvement assessment of \$29,315 or \$12.24 per square foot of living area falls below the two best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in dwelling size, age, foundation type, and/or garage amenity when compared to the subject. Based on evidence in this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
