

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cozma Demian
DOCKET NO.: 20-47274.001-R-1
PARCEL NO.: 10-34-114-005-0000

The parties of record before the Property Tax Appeal Board are Cozma Demian, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,000
IMPR.: \$31,792
TOTAL: \$37,792

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,427 square feet of living area. The dwelling is approximately 72 years old. Features of the home include an unfinished basement, 2 full and 1 half bathrooms, and central air conditioning. The property has a 6,000 square foot site and is located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables with the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,395 to 3,312 square feet of living area. The homes are from 63 to 78

years old. Five comparables each have a basement, two of which have finished area, and one comparable has a crawl space foundation. Five comparables each central air conditioning, five comparables have either one or two fireplaces, and each comparable has from a 1-car to a 2-car garage. The comparables each have from 2 to 4 full bathrooms and four comparables have either one or two half bathrooms. The comparables have improvement assessments ranging from \$25,881 to \$38,246 or from \$9.99 to \$12.24 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,792. The subject property has an improvement assessment of \$31,792 or \$13.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,114 to 2,643 square feet of living area. The homes range in age from 76 to 79 years old. The comparables each have a basement, two of which have finished area. Three comparables each have central air conditioning, two comparables have either one or two fireplaces, and each comparable has either 1-car or a 2-car garage. The comparables have either two or three full bathrooms and three comparables each have one half bathroom. The comparables have improvement assessments ranging from \$28,218 to \$35,416 or from \$13.35 to \$14.25 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested equity comparables for the Board's consideration, each of which has a garage amenity, which is not a feature of the subject. Each comparable differs from the subject in one of more additional property characteristics including, but not limited to, dwelling size, bathroom count, fireplace count, central air conditioning amenity, foundation type, and basement finish. Nevertheless, the Board gives most weight to the appellant's comparables #2 and #6 as well as board of review comparables #2 and #4 which are more similar to the subject in age and dwelling size, as well as having unfinished basements, like the subject. These four comparables have improvement assessments ranging from \$25,881 to \$33,903 or from \$9.99 to \$14.06 per square foot of living area. The subject's improvement assessment of \$31,792 or \$13.10 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
