

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barina Rayes  
DOCKET NO.: 20-47282.001-R-1  
PARCEL NO.: 10-15-202-045-0000

The parties of record before the Property Tax Appeal Board are Barina Rayes, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,456  
**IMPR.:** \$23,751  
**TOTAL:** \$30,207

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,450 square feet of living area. The living is approximately 58 years old. Features of the living include a basement with finished area, 3.5 bathrooms, and central air conditioning. The property has a 7,826 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are each improved with class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,373 to 2,302 square feet of living area. The homes

are from 61 to 64 years old. Each comparable has a basement with finished area, central air conditioning, and from 1.5 to 2.5 bathrooms. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$18,562 to \$30,494 or from \$13.25 to \$14.61 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated May 10, 2021 which disclosed the subject has a total assessment of \$30,207. The total assessment reflects a land assessment of \$6,456 and an improvement assessment of \$23,751 or \$16.38 per square foot of living area, per the appellant's petition. The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. Nevertheless, in support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code. Two comparables are also located on the same block and street as the subject property. The comparables are improved with class 2-34 multi-level dwellings of masonry exterior construction with either 1,328 or 1,512 square feet of living area. The homes are either 60 or 64 years old. Each comparable has a basement with finished area, central air conditioning, and either 1.5 or 2.5 bathrooms. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$30,057 to \$30,905 or from \$20.44 to \$22.64 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are located on the same block and street as the subject. These comparables are similar to the subject in design, age, dwelling size, and most features, as well as lacking a garage, like the subject. These comparables have improvement assessments of \$30,057 and \$30,064 or \$22.63 and \$22.64 per square foot of living area. The subject property's improvement assessment of \$23,751 or \$16.38 per square foot of living area falls below the two best comparables in this record and is well supported considering the subject is a larger home and has more bathrooms than the two best comparables. The Board gives less weight to the appellant's comparables as well as board of review comparable #3 due to differences in dwelling size and/or garage amenity when compared to the subject. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
