

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Ruffer  
DOCKET NO.: 20-48543.001-R-1  
PARCEL NO.: 06-08-301-016-0000

The parties of record before the Property Tax Appeal Board are Robert Ruffer, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,571  
**IMPR.:** \$20,176  
**TOTAL:** \$25,747

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 68,080 square foot parcel of land improved with a 49-year-old, two-story, frame, single-family dwelling containing 1,944 square feet of building area. The property is located in Elgin, Hanover Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity as the basis of the appeal. In support of this argument, the appellant submitted data on four suggested comparables. These comparables are described as two-story, frame or frame and masonry, single-family dwellings located from .7 to 5.3 miles from the subject in neighborhood codes of 90, 40, or 82. They range: in age from 16 to 52 years; in size from 1,800 to 1,986 square feet of building area; and in improvement assessment from \$4.60 to \$6.54 per square foot of building area using the listed 2020 assessor valuation data. The appellant checked the box on the petition to disclose that the subject is not an owner-occupied

residence. The appellant's petition lists assessment data for the subject that differs from the assessment data submitted by the board of review.

The petition also requested a reduction in the land. The four comparables have land sizes from 6,988 to 45,859 square feet and land assessments from \$.27 to \$.85 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$25,747 with an improvement assessment of \$20,176 or \$10.38 per square foot of building area and a land assessment of \$5,571 or \$.08 per square foot.

In support of the current assessment, the board of review submitted data on four suggested comparables. These comparables are described as, two-story, frame or frame and masonry, single-family dwellings located within the subject's neighborhood code of 90. They range: in age from 22 to 59 years; in improvement size from 1,434 to 1,925 square feet of building area; and in improvement assessment from \$10.64 to \$12.71 per square foot of building area. They range in land size from 18,316 to 60,596 square feet and in land assessment of \$.12 per square foot.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the appellant did not use board of review level assessment information for the subject and finds the best evidence of the subject's assessment value is the data submitted by the board of review.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables. These comparables had improvement assessments ranging from \$6.54 to \$12.71 per square foot of building area and land assessments from \$.12 to \$.85 per square foot. The remaining comparables were given less weight due to differences in location as these comparables are over three miles from the subject and located in different neighborhood codes. In comparison the subject's improvement assessment of \$10.38 per square foot of building area and land assessment of \$.08 per square foot are within or below the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
