

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gladys Rogers  
DOCKET NO.: 20-49816.001-R-1  
PARCEL NO.: 29-04-200-043-0000

The parties of record before the Property Tax Appeal Board are Gladys Rogers, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,147  
**IMPR.:** \$7,075  
**TOTAL:** \$9,222

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed a direct appeal pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2020 tax year, after receiving a reduction in assessment for the same property in case 19-49241.001-R-1. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 58-year-old, two-story, single-family dwelling with frame and masonry construction and 1,465 square feet of living area. Features of the home include an unfinished full finished basement. The property has a 5,725 square foot site and is located in Riverdale, Thornton Township, Cook County. The subject is classified as a Class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on one Class 2-05 comparable and two Class 2-07 comparable, each with varying degrees of similarity to the subject. The comparables were listed as being within a quarter of a mile of the subject property and within the same neighborhood code as the subject property. The comparables had improvement assessments ranging from \$3.53

to \$4.95 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$9,222.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,683. The subject property has an improvement assessment of \$9,537 or \$6.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three Class 2-07 suggested equity comparables with varying degrees of similarity to the subject. The record is silent as to the proximity of the comparables to the subject property, but each comparable was located in a different city. The comparables had improvement assessments that ranged from \$6.56 to \$7.27 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof, and that a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$3.53 to \$4.95 per square foot of living area. The subject's improvement assessment of \$6.51 per square foot of living area falls above the range established by the best comparables in this record. After considering all the comparables submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is not supported. The Board finds that the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
