

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Whiteman
DOCKET NO.: 21-00298.001-R-1
PARCEL NO.: 16-15-112-001

The parties of record before the Property Tax Appeal Board are Adam Whiteman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,790
IMPR.: \$101,020
TOTAL: \$150,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,980 square feet of living area. The dwelling was constructed in 1962 and is approximately 59 years old. Features of the home include a finished lower level and a garage containing 483 square feet of building area. The property has an 11,790 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .37 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of brick or stucco exterior construction ranging in size from 1,700 to 2,061 square feet of living area. The homes are 62 to 67 years old. Each dwelling has central air conditioning, a finished lower level, and a garage ranging in size from 378 to 483 square feet of

building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$78,650 to \$94,512 or from \$44.40 to \$46.42 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$90,238 or \$45.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,810. The subject property has an improvement assessment of \$101,020 or \$51.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .42 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of brick and wood siding exterior construction that were built in 1963 or 1964, with comparable #2 having an effective age of 1977. The homes range in size from 1,939 to 2,010 square feet of living area. Each dwelling has a finished lower level and a garage ranging in size from 440 to 700 square feet of building area. Four comparables each have central air conditioning and four comparables each have a fireplace. The comparables have improvement assessments ranging from \$102,508 to \$115,591 or from \$52.87 to \$57.59 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to board of review comparable #2 due to its newer effective age in relation to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparables #1, #3, #4, and #5, which are similar to the subject in age, dwelling size, location, and some features. These comparables had improvement assessments that ranged from \$78,650 to \$108,271 or from \$44.40 to \$54.93 per square foot of living area. The subject's improvement assessment of \$101,020 or \$51.02 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
