

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nell Thorpe
DOCKET NO.: 21-00304.001-R-1
PARCEL NO.: 16-15-104-026

The parties of record before the Property Tax Appeal Board are Nell Thorpe, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,924
IMPR.: \$71,600
TOTAL: \$127,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,716 square feet of living area. The dwelling was constructed in 1955 and is approximately 66 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 322 square foot garage. The property has an approximately 15,070 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 1,540 to 1,906 square feet of living area. The dwellings range in age from 64 to 70 years old. Each home has a basement and central air conditioning. Two homes each

have one or two fireplaces and three homes each have a garage ranging in size from 368 to 574 square feet of building area. The comparables have improvement assessments ranging from \$60,756 to \$75,389 or from \$39.39 to \$39.55 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,524. The subject property has an improvement assessment of \$71,600 or \$41.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or brick and wood siding exterior construction ranging in size from 1,666 to 1,888 square feet of living area. The dwellings were built from 1954 to 1958 and have effective ages ranging from 1956 to 1981. Each home has a basement, eight of which have finished area, and a garage ranging in size from 246 to 600 square feet of building area. Eleven homes each have central air conditioning and eight homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$71,540 to \$101,899 or from \$41.67 to \$56.77 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of sixteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables #1 through #6, #11, and #12, due to substantial differences from the subject in effective age, basement finish, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 and the board of review's comparables #7, #8, #9, and #10, which are similar to the subject in dwelling size, age/effective age, location, and features. These comparables have improvement assessments that range from \$60,756 to \$81,636 or from \$39.45 to \$44.38 per square foot of living area. The subject's improvement assessment of \$71,600 or \$41.72 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustment to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
