

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matt Krawiec
DOCKET NO.: 21-00322.001-R-1
PARCEL NO.: 16-04-202-003

The parties of record before the Property Tax Appeal Board are Matt Krawiec, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,123
IMPR.: \$91,518
TOTAL: \$167,641

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stone exterior construction with 1,783 square feet of living area. The dwelling was constructed in 1941, is approximately 80 years old, and has a reported effective age of 1946. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 528 square foot garage. The property has an approximately 7,240 square foot site and is located in Lake Forest, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story homes of brick or wood siding exterior construction ranging in size from 1,783 to 2,167 square feet of living area. The dwellings range

in age from 79 to 96 years old. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 240 to 720 square feet of building area. The comparables have improvement assessments ranging from \$71,327 to \$102,905 or from \$42.86 to \$48.21 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,641. The subject property has an improvement assessment of \$91,518 or \$51.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on ten equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, 1.75-story, or 2-story homes of brick, wood siding, or stone and wood siding exterior construction ranging in size from 1,539 to 1,948 square feet of living area. The dwellings were built from 1922 to 1984 and have effective ages ranging from 1930 to 1984. Each home has a basement, eight of which have finished area, and a garage ranging in size from 294 to 528 square feet of building area. Seven homes each have central air conditioning and nine homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$70,572 to \$132,715 or from \$45.86 to \$68.37 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessments.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fourteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #3 through #9, due to substantial differences from the subject in dwelling size, age/effective age, and/or basement finish.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #10, which are more similar to the subject in dwelling size, age/effective age, location, and features. These comparables have improvement assessments that range from \$90,280 to \$111,134 or from \$52.64 to \$65.45 per square foot of living area. The subject's improvement assessment of \$91,518 or \$51.33 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment and below the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
