

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Mitchell (Wei)  
DOCKET NO.: 21-00343.001-R-1  
PARCEL NO.: 16-10-311-014

The parties of record before the Property Tax Appeal Board are Jennifer Mitchell (Wei), the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,625  
**IMPR.:** \$104,752  
**TOTAL:** \$156,377

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of brick exterior construction with 2,088 square feet of living area. The dwelling was constructed in 1954 and is approximately 67 years old. The dwelling has a reported effective age of 1975. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 576 square foot garage. The property has a 12,784 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of brick exterior construction ranging in size from 1,886 to 2,360 square feet of living area. The homes are 65 to 67 years old. The comparables each have

a basement with finished area, central air conditioning, one fireplace, and a garage ranging in size from 246 to 484 square feet. The comparables have improvement assessments ranging from \$81,842 to \$104,408 or from \$44.02 to \$46.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,377. The subject has an improvement assessment of \$104,752 or \$50.17 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,077 to 2,183 square feet of living area. Each home was built from 1954 to 1959 with an effective year built ranging from 1959 to 1976. The comparables have basements, four of which have finished area. Each comparable has central air conditioning; three comparables each have one or two fireplaces; and each comparable has a garage ranging in size from 460 to 932 square feet of building area. The comparables have improvement assessments ranging from \$86,385 to \$110,374 or from \$40.24 to \$50.56 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size. The Board gives less weight to board of review comparable #5 which has an unfinished basement when compared to the subject's basement that has finished area.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #4 which overall are more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$86,385 to \$110,374 or from \$40.24 to \$50.56 per square foot of living area. The subject's improvement assessment of \$104,752 or \$50.17 per square foot of living area falls within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
