

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marina Shapiro  
DOCKET NO.: 21-00373.001-R-1  
PARCEL NO.: 16-25-105-057

The parties of record before the Property Tax Appeal Board are Marina Shapiro, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$130,837  
**IMPR.:** \$71,303  
**TOTAL:** \$202,140

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,080 square feet of living area. The dwelling was constructed in 1953, is approximately 68 years old, and has an effective age of 1974. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a garage containing 462 square feet of building area. The property has an approximately 18,880 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .35 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 1,584 to 2,016 square feet of living area. The homes are 62 to

105 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area, and a garage ranging in size from 242 to 528 square feet of building area. The comparables have improvement assessments ranging from \$34,581 to \$52,630 or from \$21.19 to \$31.56 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$56,160 or \$27.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$202,140. The subject property has an improvement assessment of \$71,303 or \$34.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .6 of a mile of the subject and within the subject's assessment neighborhood. Comparable #4 is the same property as appellant comparable #2. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 1,976 to 2,344 square feet of living area. The homes were built from 1950 to 1962, with comparable #1 having an effective age of 1964. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 440 to 528 square feet of building area. The comparables have improvement assessments ranging from \$50,666 to \$87,775 or from \$25.13 to \$40.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds none of the comparables are truly similar to the subject due to differences in foundation and effective age. Nevertheless, the Board has given reduced weight to the appellant's comparables, including the common comparable, due to differences in age, dwelling size, and/or basement finish when compared to the subject. The Board also gives reduced weight to board of review comparable #1 due to its basement finish, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments of \$67,708 and \$78,564 or \$33.52 and \$34.27 per square foot of living area. The subject's improvement assessment of \$71,303 or \$34.28 per square foot of living area is bracketed by the best comparables in this record overall. While the assessment falls slightly above the best comparables on a per-square-foot basis, the Board finds

this logical given the subject's newer effective age than all comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
