

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Domenic Poeta
DOCKET NO.: 21-00409.001-R-1
PARCEL NO.: 16-15-209-039

The parties of record before the Property Tax Appeal Board are Domenic Poeta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,335
IMPR.: \$59,042
TOTAL: \$82,377

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of concrete block exterior construction with 2,016 square feet of living area. The dwelling was constructed in 1913 and is approximately 108 years old. Features of the home include an unfinished basement. The property has an approximately 5,220 square foot site that is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.59 of a mile from the subject property. The comparables are improved with 1.5-story or 2-story dwellings of wood siding exterior construction that range in size from 1,908 to 2,450 square feet of living area that range in age from 88 to 103 years old. Three comparable have a basement, one with finished area and one comparable has a crawl space foundation. Three comparables have central air conditioning, one comparable has two fireplaces and three comparables each have a garage ranging in size from 260 to 528 square feet of building area. The comparables have improvement assessments ranging from \$51,788 to \$66,896 or from \$26.75 to \$27.30 per square foot of living area. Based on

this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,633 or \$27.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,377. The subject property has an improvement assessment of \$59,042 or \$29.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.56 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick, stucco or wood siding exterior construction ranging in size from 1,814 to 2,160 square feet of living area. The dwellings were built from 1900 to 1920. Each comparable has an unfinished basement. One comparable has a fireplace and four comparables each have a garage ranging in size from 360 to 1,001 square feet of building area. The comparables have improvement assessments ranging from \$56,431 to \$72,051 or from \$30.23 to \$33.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling size, dissimilar foundation type and/or the feature of central air conditioning, an amenity the subject lacks.

The Board finds the best evidence of assessment equity to be the board of review comparables, which are relatively similar to the subject in location, design, dwelling size, age and features. These similar comparables have improvement assessments ranging from \$56,431 to \$72,051 or from \$30.23 to \$33.36 per square foot of living area. The subject property has an improvement assessment of \$59,042 or \$29.29 per square foot of living area, which falls within the range of the best comparables on an overall total improvement assessment and below the range of the best comparables on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
