

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dominic Ugolini  
DOCKET NO.: 21-00411.001-R-1  
PARCEL NO.: 16-15-429-018

The parties of record before the Property Tax Appeal Board are Dominic Ugolini, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,899  
**IMPR.:** \$145,336  
**TOTAL:** \$184,235

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,172 square feet of living area. The dwelling was constructed in 1988 and is approximately 33 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a garage with 540 square feet of building area. The property has an approximately 9,670 square foot site that is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.58 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick, stone or wood siding exterior construction that range in size from 2,688 to 3,288 square feet of living area that range in age from 35 to 52 years old. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 480 to 716 square feet of building area. The comparables have improvement assessments ranging from \$115,976 to \$139,181 or from \$37.83 to \$44.05 per square foot of living area. Based on this evidence, the appellant

requested the subject's improvement assessment be reduced to \$133,699 or \$42.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,235. The subject property has an improvement assessment of \$145,336 or \$45.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.56 of a mile from the subject property. Comparable #2 is identical to the appellant's comparable #4. The comparables are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,868 to 3,059 square feet of living area. The dwellings were built from 1984 to 1995. Each comparable has a basement, one with finished area, central air conditioning, a fireplace and a garage ranging in size from 483 to 716 square feet of building area. The comparables have improvement assessments ranging from \$126,324 to \$140,992 or from \$44.05 to \$47.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration, with one comparable being common to both parties. The Board has given less weight to the appellant's comparable #2 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables, that includes the common comparable, which are relatively similar to the subject in location, design, dwelling size, age and features. However, the Board finds all but one comparable lacks a basement finished area, like the subject, suggesting upward adjustments would be needed to make these comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$124,400 to \$140,992 or from \$37.83 to \$47.92 per square foot of living area. The subject property has an improvement assessment of \$145,336 or \$45.82 per square foot of living area, which falls above the range of the best comparables on an overall total improvement assessment and within the range of the best comparables on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
