

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adriano Tosi  
DOCKET NO.: 21-00417.001-R-1  
PARCEL NO.: 16-15-419-001

The parties of record before the Property Tax Appeal Board are Adriano Tosi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,377  
**IMPR.:** \$65,346  
**TOTAL:** \$106,723

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,150 square feet of living area. The dwelling was constructed in 1920 and is approximately 101 years old, and has effective age of 1949. Features of the home include an unfinished basement and central air conditioning. The property has an approximately 16,020 square foot site that is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.50 of a mile from the subject property. The comparables are improved with 1.8-story or 2-story dwellings of brick, stucco or wood siding exterior construction that range in size from 1,744 to 2,450 square feet of living area and are from 92 to 111 years old. Each comparable has an unfinished basement and central air conditioning. One comparable has a fireplace and three comparables each have a garage containing either 200 or 400 square feet of building area. The comparables have improvement assessments ranging from \$49,677 to \$66,896 or from \$27.30 to \$28.83 per square foot

of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$60,898 or \$28.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,723. The subject property has an improvement assessment of \$65,346 or \$30.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.64 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,038 to 2,174 square feet of living area. The dwellings were built from 1910 to 1930, with comparables #1, #2, #4 and #5 having effective ages ranging from 1931 to 1969. Each comparable has a basement, one with finished area, two comparables each have central air conditioning, one comparable has a fireplace and two comparables have a garage each containing 440 square feet of building area. The comparables have improvement assessments ranging from \$62,545 to \$156,495 or from \$29.61 to \$76.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables along with the board of review comparables #4 and #5 due to either their dissimilar dwelling size when compared to the subject and/or garage feature, an amenity the subject lacks. Furthermore, board of review comparable #4 has a basement finished area unlike the subject and the board of review comparable #5 appears to be an outlier due to its significantly higher improvement assessment when compared to the subject and the remaining comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3, which are relatively similar to the subject in location, design, dwelling size, age. However, the Board finds these three comparables lack central air conditioning, a feature of the subject, suggesting upward adjustments would be needed to make these comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$62,545 to \$85,682 or from \$29.61 to \$39.67 per square foot of living area. The subject property has an improvement assessment of \$65,346 or \$30.39 per square foot of living area, which falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
