

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kell
DOCKET NO.: 21-00486.001-R-1
PARCEL NO.: 13-12-403-021

The parties of record before the Property Tax Appeal Board are Robert Kell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,245
IMPR.: \$144,513
TOTAL: \$196,758

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,906 square feet of living area. The dwelling was constructed in 1996 and is approximately 25 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces, and a garage containing 875 square feet of building area. The property has an approximately 40,390 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,656 to 4,193 square feet of living area. The homes are 27 to

32 years old. Each dwelling has central air conditioning, two or three fireplaces, and a garage ranging in size from 780 to 888 square feet of building area. Each dwelling has a basement with three having finished area. The comparables have improvement assessments ranging from \$126,537 to \$138,377 or from \$32.25 to \$34.61 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$131,046 or \$33.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,758. The subject property has an improvement assessment of \$144,513 or \$37.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of two-story dwellings of brick or brick and stucco exterior construction that were built from 1990 to 1996. The homes range in size from 3,995 to 4,281 square feet of living area. Each dwelling has central air conditioning, two to four fireplaces, and a garage ranging in size from 814 to 1,032 square feet of building area. Each comparable has a basement with finished area, one of which is a walk-out style. The comparables have improvement assessments ranging from \$152,206 to \$156,422 or from \$35.55 to \$38.24 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #2 due to its unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. The Board finds these comparables are most similar to the subject in dwelling size, location, age, and features. These comparables had improvement assessments that ranged from \$126,537 to \$156,422 or from \$32.25 to \$38.24 per square foot of living area. The subject's improvement assessment of \$144,513 or \$37.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
