

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Cox
DOCKET NO.: 21-00495.001-R-1
PARCEL NO.: 13-21-107-015

The parties of record before the Property Tax Appeal Board are Frank Cox, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,474
IMPR.: \$141,735
TOTAL: \$178,209

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,440 square feet of living area. The dwelling was constructed in 2003. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 693 square foot garage. The property has an approximately 15,682 square foot site and is located in Fox River Grove, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.10 of a mile from the subject property. The comparables have sites that range in size from 15,246 to 17,860 square feet of land area and are improved with two-story dwellings of frame or brick and frame exterior construction with either 3,650 or 4,160 square feet of living area. The dwellings were built from 2001 to 2003. Each comparable has a basement with finished area, central air conditioning, one

or two fireplaces and a garage with 704 or 892 square feet of building area. The properties sold from March 2020 to March 2021 for prices ranging from \$440,000 to \$599,900 or from \$120.55 to \$144.21 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$153,739 which reflects a market value of \$461,263 or \$134.09 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,209. The subject's assessment reflects a market value of \$534,680 or \$155.43 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.31 of a mile from the subject property. The comparables have sites that range in size from 16,120 to 19,170 square feet of land area and are improved with two-story dwellings of brick and wood siding exterior construction each with 3,440 square feet of living area. The homes were built from 2000 to 2003. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a 693 square foot garage. The properties sold from May 2020 to July 2021 for prices ranging from \$505,000 to \$580,000 or from \$146.80 to \$168.60 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparable #2 which have finished basement area unlike the subject and/or differ from the subject in dwelling size.

The Board finds the best evidence of market value to be board of review comparables #1, #3 and #4 which are identical to the subject in dwelling size, basement features and garage size and are similar to the subject in location, age, design and other features. These comparables sold from May 2020 to June 2021 for prices ranging from \$505,000 to \$558,000 or from \$146.80 to \$162.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$534,680 or \$155.43 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
