

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yunjung Kim  
DOCKET NO.: 21-00516.001-R-1  
PARCEL NO.: 15-05-310-029

The parties of record before the Property Tax Appeal Board are Yunjung Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,840  
**IMPR.:** \$96,408  
**TOTAL:** \$125,248

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,678 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 440 square feet of building area. The property has a 5,269 square foot site and is located in Indian Creek, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .17 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,592 to 2,678 square feet of living area. The homes were built from 2002 to 2004. Each dwelling has central air conditioning, an unfinished basement, and a garage

ranging in size from 420 to 483 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$91,832 to \$97,342 or from \$34.29 to \$36.35 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$94,694 or \$35.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$132,931. The subject property has an improvement assessment of \$104,091 or \$38.87 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .18 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction each containing 2,678 square feet of living area. The homes were built from 2002 to 2004. Each dwelling has central air conditioning, a basement with finished area, and a garage containing 440 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$106,845 to \$108,756 or from \$39.90 to \$40.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparables, which have finished basement area, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$91,832 to \$97,342 or from \$34.29 to \$36.35 per square foot of living area. The subject's improvement assessment of \$104,091 or \$38.87 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
