

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Less  
DOCKET NO.: 21-00522.001-R-1  
PARCEL NO.: 15-07-212-004

The parties of record before the Property Tax Appeal Board are Steven Less, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,744  
**IMPR.:** \$107,668  
**TOTAL:** \$138,412

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,643 square feet of living area. The dwelling was built in 1991. Features of the home include a basement with finished area, central air conditioning, and a garage with 497 square feet of building area. The property has a site with approximately 12,020 square feet of land area and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction with each having 2,643 or 2,677 square feet of living area. The homes were built from 1989 to 1993 and have basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a 420 or 497 square foot garage. The comparables have improvement assessments ranging from

\$98,737 to \$101,990 or from \$37.36 to \$38.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,412. The subject has an improvement assessment of \$107,668 or \$40.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with each having 2,643 square feet of living area. The homes were built in 1989 or 1990. Each comparable has a basement with four having finished area. Other features include central air conditioning, and a 497 square foot garage. Four comparables each have one fireplace. These comparables have improvement assessments ranging from \$105,327 to \$116,456 or from \$39.85 to \$44.06 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 through #5 as well as board of review comparable #2 which have unfinished basement area when compared to the subject's finished basement. The Board gives less weight to board of review comparables #3 and #4 which have an inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and board of review comparables #1 and #5 which overall are more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$98,737 to \$112,009 or from \$37.36 to \$42.38 per square foot of living area. The subject's improvement assessment of \$107,668 or \$40.74 per square foot of living area falls within the range established by the best comparables in the record. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
