

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nimisha Patel
DOCKET NO.: 21-00523.001-R-1
PARCEL NO.: 15-06-413-002

The parties of record before the Property Tax Appeal Board are Nimisha Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,595
IMPR.: \$105,059
TOTAL: \$129,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,643 square feet of living area. The dwelling was constructed in 1993. Features of the home include a full unfinished basement, central air conditioning and an attached 497 square foot garage. The property has an approximately 12,020 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,643 to 2,713 square feet of living area. The homes were built from 1989 to 1991 and have basements. Each comparable has central air conditioning, one fireplace and a 420 or 497 square foot garage.

The comparables have improvement assessments ranging from \$101,423 to \$106,481 or from \$38.10 to \$39.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,983. The subject has an improvement assessment of \$110,388 or \$41.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with each having 2,643 square feet of living area. The homes were built from 1989 to 1992 and have basements with three having finished area. Each comparable has central air conditioning and a 497 square foot garage. Four comparables each have one fireplace. Two comparables each have an inground swimming pool. These comparables have improvement assessments ranging from \$105,327 to \$116,456 or from \$39.85 to \$44.06 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #3 and #5 which have finished basement area unlike the subject. In addition, board of review comparables #3 and #5 each have an inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #2 and #4 which are overall more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$101,423 to \$106,481 or from \$38.10 to \$40.19 per square foot of living area. The subject's improvement assessment of \$110,388 or \$41.77 per square foot of living area falls above the range established by the best comparables in the record. Based on this evidence, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
