

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Williams  
DOCKET NO.: 21-00526.001-R-1  
PARCEL NO.: 15-07-212-005

The parties of record before the Property Tax Appeal Board are Bill Williams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,362  
**IMPR.:** \$111,985  
**TOTAL:** \$144,347

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,660 square feet of living area. The dwelling was constructed in 1991 and is 30 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 640 square foot garage. The property has an approximately 12,020 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction with 2,643 or 2,916 square feet of living area. The homes were built in 1990 or 1992 and have basements with finished area. Each comparable has central air conditioning, one fireplace and a 438 or 497 square foot

garage. The comparables have improvement assessments ranging from \$104,063 to \$118,745 or from \$39.37 to \$40.72 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,347. The subject has an improvement assessment of \$111,985 or \$42.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction with each having 2,643 square feet of living area. The homes were built from 1989 to 1992 and have basements, with four having finished area. Each comparable has central air conditioning and a 420 square foot garage. Four comparables each have one fireplace. Two comparables each have an inground swimming pool. These comparables have improvement assessments ranging from \$108,648 to \$116,456 or from \$41.11 to \$44.06 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3 and #4 which are less similar in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #1 and #3 which have inground swimming pools unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These six comparables are similar to the subject in location, age, dwelling size and some features. The comparables have improvement assessments that range from \$104,063 to \$114,183 or from \$39.37 to \$43.20 per square foot of living area. The subject's improvement assessment of \$111,985 or \$42.10 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
