

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Baoqi Chen
DOCKET NO.: 21-00528.001-R-1
PARCEL NO.: 15-06-409-013

The parties of record before the Property Tax Appeal Board are Baoqi Chen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,697
IMPR.: \$85,721
TOTAL: \$115,418

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,896 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning and a 420 square foot garage. The property has a 7,508 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,798 to 1,920 square feet of living area. The dwellings were built from 1989 to 1991 and have basements, three of which have finished area. Each comparable has central air conditioning and

a garage containing either 400 or 420 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$72,438 to \$82,996 or from \$40.29 to \$43.243 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,418. The subject property has an improvement assessment of \$85,721 or \$45.21 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction with 1,896 square feet of living area. The dwellings were built in 1989 or 1991 and have basements, three of which have finished area. Each comparable has central air conditioning and a garage with 420 square feet of building area. Four comparables each have one fireplace. The comparables have improvement assessments that range from \$83,756 to \$88,310 or from \$44.18 to \$46.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #2 and #4 as well as board of review comparables #1 and #4 due to their lack of finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3 and #5 along with board of review comparables #2, #3 and #5 which have finished basement area and are similar to the subject in location, dwelling size, design, age and features. These six comparables have improvement assessments that range from \$72,438 to \$88,310 or from \$40.29 to \$46.58 per square foot of living area. The subject's improvement assessment of \$85,721 or \$45.21 per square foot of living area falls within the range established by the best comparables in the record and well supported by the three board of review comparables that are identical to the subject in dwelling size. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
