

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Won Yoon
DOCKET NO.: 21-00575.001-R-1
PARCEL NO.: 10-21-202-009

The parties of record before the Property Tax Appeal Board are Won Yoon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,326
IMPR.: \$166,548
TOTAL: \$224,874

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,418 square feet of living area. The dwelling was constructed in 1999 and is approximately 22 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and an 829 square foot garage. The property has an approximately 22,670 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The

¹ The parties agreed to forego the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,990 to 4,359 square feet of living area. The homes range in age from 20 to 25 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 639 to 921 square feet of building area. The comparables have improvement assessments that range from \$111,085 to \$141,592 or from \$26.95 to \$35.49 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$139,167 or \$31.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$224,874. The subject has an improvement assessment of \$166,548 or \$37.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings that have a combination of brick, stucco, Dryvit and wood siding exterior construction that range in size from 3,998 to 4,988 square feet of living area. The homes were built from 1996 to 2002. Each comparable has a basement with finished area, central air conditioning, one or three fireplaces and a garage ranging in size from 682 to 851 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$158,062 to \$216,259 or from \$38.02 to \$43.36 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which, based on its per square foot improvement assessment, appears to be an outlier relative to the other comparables in the record. The Board gives less weight to the board of review's comparable #3 which has an inground swimming pool, a feature that the subject property does not have.

The Board finds the best evidence of assessment equity to be appellant comparables #2, #3 and #4 along with board of review comparables #1, #2, #4 and #5 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$131,978 to \$180,500 or from \$31.42 to \$42.31 per square foot of living area. The subject's improvement assessment of \$166,548 or \$37.70 per square foot of living area falls within the range established by the best comparables in this

record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
