

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT:	Sarah Jhin
DOCKET NO.:	21-00617.001-R-1
PARCEL NO .:	12-31-303-014

The parties of record before the Property Tax Appeal Board are Sarah Jhin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>No Change</u> in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$137,185
IMPR.:	\$523,143
TOTAL:	\$660,328

Subject only to the State multiplier as applicable.

#### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a two-story custom dwelling of brick and stone exterior construction with 6,336 square feet of living area. The dwelling was constructed in 1999 and is approximately 22 years old. Features of the home include a basement with finished area, central air conditioning, five fireplaces, a 600 square foot inground swimming pool and an 832 square foot garage.<sup>2</sup> The property has an approximately 63,160 square foot site and is located in Lake Forest, Shields Township, Lake County.

<sup>&</sup>lt;sup>1</sup> The parties agreed to forego the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

<sup>&</sup>lt;sup>2</sup> The subject's property record card, submitted by the board of review, reported the subject property has an inground swimming pool and hot tub built in 2003, which were not reported by the appellant.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story custom dwellings of brick or stucco exterior construction that range in size from 6,370 to 7,245 square feet of living area. The homes range in age from 19 to 25 years old. Each comparable has a basement, three with finished area, central air conditioning, three to seven fireplaces and a garage ranging in size from 888 to 1,024 square feet of building area. The comparables have improvement assessments that range from \$438,276 to \$578,844 or from \$67.12 to \$79.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$468,072 or \$73.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$660,328. The subject has an improvement assessment of \$523,143 or \$82.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and from 0.03 of a mile to 1.03 miles from the subject property. The comparables are improved with two-story custom dwellings of brick, stone or stone and stucco exterior construction that range in size from 5,238 to 6,892 square feet of living area. The homes were built from 1997 to 2005. Each comparable has a basement with finished area, central air conditioning, three to six fireplaces and a garage ranging in size from 880 to 1,252 square feet of building area. Comparables #1 and #4 each have an inground swimming pool. The comparables have improvement assessments that range from \$510,952 to \$644,695 or from \$91.16 to \$97.55 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

## **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #3 and #4 along with board of review comparables #4 and #5 which differ from the subject in dwelling size, are less proximate in location to the subject and/or lack finished basement area.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #2 and board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, design, dwelling size and finished basement area although only one of these best

comparables features an inground swimming pool like the subject. These best comparables have improvement assessments that range from \$438,276 to \$644,695 or from \$67.12 to \$95.94 per square foot of living area. The subject's improvement assessment of \$523,143 or \$82.57 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, such as an inground swimming pool, the Board finds and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
