

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammed Dastagir  
DOCKET NO.: 21-00622.001-R-1  
PARCEL NO.: 14-27-201-022

The parties of record before the Property Tax Appeal Board are Mohammed Dastagir, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,536  
**IMPR.:** \$238,615  
**TOTAL:** \$286,151

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,716 square feet of living area. The dwelling was constructed in 2003 and is approximately 18 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 726 square foot garage. The property has an approximately 85,336 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior

construction that range in size from 4,126 to 5,745 square feet of living area. The homes range in age from 16 to 50 years old. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage ranging in size from 875 to 1,246 square feet of building area. The comparables have improvement assessments that range from \$187,810 to \$211,451 or from \$36.81 to \$46.02 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$199,486 or \$42.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$286,151. The subject has an improvement assessment of \$238,615 or \$50.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #3 and #4, respectively. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction that range in size from 4,126 to 5,215 square feet of living area. The homes were built from 1998 to 2006. Each comparable has a basement, central air conditioning, one to four fireplaces and a garage ranging in size from 713 to 1,071 square feet of building area. The comparables have improvement assessments that range from \$200,473 to \$247,257 or from \$47.29 to \$49.16 per square foot of living area.

The board of review also submitted a second grid analysis labeled Appellant Comparables which contained five comparable properties, where comparables #1, #3, #4 and #5 are the appellant's comparables #1 through #4. Information and comments handwritten on this grid indicate the appellant's comparable #2 has an inground swimming pool and that comparable #4 has an assessment reflecting a board of review reduction. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six equity comparables for the Board's consideration, as two properties were common to both parties. The Board gives less weight to the appellant's comparables #1 and #2 which are substantially older in age when compared to the subject. Furthermore appellant comparable #2 includes an inground swimming pool, as reported by the board of review and lacking in the subject improvements.

The Board finds the best evidence of assessment equity to be appellant comparables #3 and #4 along with the board of review comparables, including the two common properties, which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$200,473 to \$247,257 or from \$47.29 to \$49.16 per square foot of living area. The subject's improvement assessment of \$238,615 or \$50.60 per square foot of living area falls within the range established by the best comparables in this record on an improvement assessment basis but above the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
