

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Medwed  
DOCKET NO.: 21-00628.001-R-1  
PARCEL NO.: 12-30-207-023

The parties of record before the Property Tax Appeal Board are Steven Medwed, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,568  
**IMPR.:** \$170,868  
**TOTAL:** \$236,436

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part 1-story part 2-story dwelling<sup>1</sup> of brick exterior construction with 2,773 square feet of living area. The dwelling was constructed in 2003 and is approximately 18 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 441 square foot garage. The property has an approximately 12,550 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity

---

<sup>1</sup> Although both parties reported the subject is a 1-story home, the board of review also reported above ground living area that is greater than ground floor living area, indicating the subject has second floor living area, and is further supported by the sketch of the subject home depicting second floor living area contained in the subject's property record card presented by the board of review.

comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story homes of brick or wood siding exterior construction ranging in size from 2,435 to 3,390 square feet of living area. The dwellings range in age from 16 to 22 years old. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 400 to 660 square feet of building area. The comparables have improvement assessments ranging from \$134,959 to \$193,749 or from \$55.42 to \$58.41 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$236,436. The subject property has an improvement assessment of \$170,868 or \$61.62 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, wood siding, or wood siding and stone exterior construction ranging in size from 2,832 to 3,019 square feet of living area. The dwellings were built from 2003 to 2005. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 621 to 642 square feet of building area. The comparables have improvement assessments ranging from \$178,790 to \$190,481 or from \$61.86 to \$64.77 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in design, dwelling size, and/or basement finish.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$178,790 to \$190,481 or from \$61.86 to \$64.77 per square foot of living area. The subject's improvement assessment of \$170,868 or \$61.62 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best

comparables for differences from the subject, such as the subject's smaller dwelling size compared to the best comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
