

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Nass
DOCKET NO.: 21-00634.001-R-1
PARCEL NO.: 10-23-304-008

The parties of record before the Property Tax Appeal Board are Michael Nass, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,420
IMPR.: \$78,984
TOTAL: \$99,404

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,214 square feet of living area. The dwelling was constructed in 1972 and is approximately 49 years old. Features of the home include a 407 square foot basement, central air conditioning, a fireplace, and a 441 square foot garage. The property has an approximately 13,947 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction with 2,214 square feet of living area. The dwellings are 48 or 49 years old. Each home has a basement ranging in size from 417 to 733 square feet of building area, one of which has 150 square feet of

finished area, central air conditioning, a fireplace, and a 441 square foot garage. The comparables have improvement assessments ranging from \$78,618 to \$79,838 or from \$35.51 to \$36.06 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$78,984 or \$35.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,694. The subject property has an improvement assessment of \$85,274 or \$38.52 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,214 to 2,408 square feet of living area. The dwellings were built from 1973 to 1982. Each home has a basement ranging in size from 1,148 to 1,204 square feet of building area, two of which have 346 or 548 square feet of finished area, central air conditioning, a fireplace, and a garage ranging in size from 441 to 504 square feet of building area. The comparables have improvement assessments ranging from \$84,278 to \$92,003 or from \$38.00 to \$40.08 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review's comparables, which are less similar to the subject in dwelling size, age, basement size, basement finish, and/or garage size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3, which are identical to the subject in dwelling size, age, and garage size, and are more similar to the subject in basement size than other comparables in this record. These most similar comparables have improvement assessments that range from \$78,618 to \$78,787 or from \$35.51 to \$35.59 per square foot of living area. The subject's improvement assessment of \$85,274 or \$38.52 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
