

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Ganan  
DOCKET NO.: 21-00649.001-R-1  
PARCEL NO.: 10-35-305-026

The parties of record before the Property Tax Appeal Board are Mark Ganan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,969  
**IMPR.:** \$134,088  
**TOTAL:** \$172,057

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,444 square feet of living area. The dwelling was constructed in 2000 and is approximately 21 years old. Features of the home include a basement, central air conditioning, a fireplace, a 600 square foot garage, and an inground swimming pool. The property has a 12,196 square foot site and is located in Long Grove, Fremont Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction ranging in size from 3,338 to 3,591 square feet of living area. The dwellings are 18 or 19 years old. Each home has a basement, one of which has finished area, central air conditioning, a fireplace, and a

garage ranging in size from 574 to 635 square feet of building area. The comparables have improvement assessments ranging from \$123,070 to \$131,076 of from \$36.50 to \$36.87 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,057. The subject property has an improvement assessment of \$134,088 or \$38.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with part 1-story part 2-story or 2-story homes<sup>1</sup> of wood siding, vinyl siding, vinyl siding and brick, or brick and wood siding exterior construction ranging in size from 3,418 to 3,853 square feet of living area. The dwellings were built from 1999 to 2003. Each home has a basement, four of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 620 to 847 square feet of living area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments ranging from \$134,300 to \$145,578 or from \$37.68 to \$40.23 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review's comparables #1, #2, #4, and #5, due to substantial differences from the subject in basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 and the board of review's comparable #3, which are similar to the subject in dwelling size, age, location, and some features, although none of these comparables has an inground swimming pool like the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables have improvement assessments that range from \$123,857 to \$134,300 or from \$36.50 to \$38.59 per square foot of living area. The subject's improvement assessment of \$134,088 or \$38.93 per square foot of living area falls within the range established by the best comparables in terms of

total improvement assessment and above the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
