

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Cook
DOCKET NO.: 21-00651.001-R-1
PARCEL NO.: 11-19-405-004

The parties of record before the Property Tax Appeal Board are Jim Cook, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,256
IMPR.: \$44,355
TOTAL: \$60,611

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,013 square feet of living area. The dwelling was constructed in 1955 and is approximately 66 years old. Features of the home include a full basement, central air conditioning, and a 528 square foot garage. The property has an approximately 7,500 square foot site and is located in Mundelein, Libertyville Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 1,313 to 1,587 square feet of living area. The dwellings are 65 years old. Each home has a full basement and central air conditioning. Three homes each have a fireplace

and two homes have a garage with either 308 or 528 square feet of building area. The comparables have improvement assessments ranging from \$50,623 to \$62,299 or from \$36.03 to \$39.69 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,611. The subject property has an improvement assessment of \$44,355 or \$43.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or frame exterior construction with 1,013 square feet of living area. The dwellings were built in 1954 or 1956. Each home has a full basement, central air conditioning, and a garage ranging in size from 308 to 528 square feet of building area. Two homes have a fireplace. The comparables have improvement assessments ranging from \$44,361 to \$45,198 or from \$43.79 to \$44.62 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are less similar to the subject in dwelling size than other comparables in this record. Moreover, the appellant's comparables #2 and #4 each lack a garage which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical to the subject in dwelling size and similar to the subject in age, location, and most features. These comparables have improvement assessments that range from \$44,361 to \$45,198 or from \$43.79 to \$44.62 per square foot of living area. The subject's improvement assessment of \$44,355 or \$43.79 per square foot of living area falls below the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
