

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harsha Kaza
DOCKET NO.: 21-00652.001-R-1
PARCEL NO.: 15-28-303-103

The parties of record before the Property Tax Appeal Board are Harsha Kaza, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,805
IMPR.: \$35,596
TOTAL: \$57,401

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,147 square feet of living area.¹ The dwelling was constructed in 1983 and is approximately 38 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a 210 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The

¹ The parties differ regarding the subject's dwelling size. The Board finds the best evidence of dwelling size is found in the subject's property record card presented by the board of review, which was not refuted by the appellant in written rebuttal.

comparables are improved with 1-story dwellings of frame exterior construction with 1,081 or 1,584 square feet of living area. The dwellings range in age from 29 to 37 years old. Each home has a concrete slab foundation, central air conditioning, a fireplace, and a 210 square foot garage. The comparables have improvement assessments ranging from \$22,352 to \$46,252 or from \$20.68 to \$29.20 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,401. The subject property has an improvement assessment of \$35,596 or \$31.03 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings with 1,147 square feet of living area. The dwellings were built in 1984 or 1985. Each home has a concrete slab foundation, central air conditioning, and a 210 square foot garage. Two homes have a fireplace. The comparables have improvement assessments ranging from \$36,612 to \$37,857 or from \$31.92 to \$33.01 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are identical to the subject in dwelling size and similar to the subject in age, location, and features. These most similar comparables have improvement assessments that range from \$36,612 to \$37,857 or from \$31.92 to \$33.01 per square foot of living area. The subject's improvement assessment of \$35,596 or \$31.03 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
