

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deirdre Flynn
DOCKET NO.: 21-00659.001-R-1
PARCEL NO.: 14-32-205-030

The parties of record before the Property Tax Appeal Board are Deirdre Flynn, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,158
IMPR.: \$128,913
TOTAL: \$173,071

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,791 square feet of living area. The dwelling was constructed in 1988 and is approximately 33 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 750 square feet of building area. The property has an approximately 43,692 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .85 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,690 to 3,292 square feet of living area. The homes are 32 to 36 years old. Each dwelling has central air conditioning, one or two fireplaces, an unfinished

basement, and a garage ranging in size from 690 to 768 square feet of building area. The comparables have improvement assessments ranging from \$107,875 to \$125,169 or from \$38.02 to \$41.64 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$112,547 or \$40.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,071. The subject property has an improvement assessment of \$128,913 or \$46.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on 15 equity comparables located within .78 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 2,496 to 3,044 square feet of living area. The homes were built from 1984 to 1994. Each dwelling has central air conditioning, an unfinished basement with two being walk-out style, and a garage ranging in size from 596 to 921 square feet of building area. Comparable #11 has an inground swimming pool. The comparables have improvement assessments ranging from \$116,447 to \$142,116 or from \$46.24 to \$47.52 per square foot of living area. Within its grid analysis, the board of review argued that the appellant's comparables were assessed lower than the subject due to board of review reductions and were "isolated examples of inequity." The board of review further argued that its comparables demonstrate a pattern of equitable assessment. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 19 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #2 due to its larger dwelling in relation to the subject. The Board also gives reduced weight to board of review comparable #11 due to its inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$107,875 to \$142,116 or from \$40.10 to \$47.52 per square foot of living area. The subject's improvement assessment of \$128,913 or \$46.19 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for

differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
