

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Qingsheng Fu
DOCKET NO.: 21-00672.001-R-1
PARCEL NO.: 14-22-302-013

The parties of record before the Property Tax Appeal Board are Qingsheng Fu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,109
IMPR.: \$125,278
TOTAL: \$150,387

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of wood siding exterior construction with 2,361 square feet of living area. The dwelling was constructed in 1986, is 35 years old, and has an effective age of 1992. Features of the home include a finished lower level, a basement with finished area, central air conditioning, a fireplace, and a garage containing 420 square feet of building area. The property has an approximately 11,950 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .35 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,008 to 2,852 square feet of living area. The homes are 35 or

36 years old. Each dwelling has central air conditioning, and a garage ranging in size from 440 to 670 square feet of building area. Three comparables each have a fireplace, three comparables have unfinished basements, and one comparable has a crawl-space foundation. The comparables have improvement assessments ranging from \$101,942 to \$144,008 or from \$45.22 to \$50.77 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$116,397 or \$49.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,387. The subject property has an improvement assessment of \$125,278 or \$53.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .45 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of split-level dwellings of frame or brick and frame exterior construction ranging in size from 1,823 to 2,857 square feet of living area. The homes were built in 1986 or 1987, with effective ages ranging from 1988 to 1994. Each dwelling has central air conditioning, a fireplace, a finished lower level, an unfinished basement, and a garage containing either 420 or 452 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$107,732 to \$172,562 or from \$58.56 to \$61.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables which differ from the subject in design and/or foundation. The Board also gives reduced weight to board of review comparables #2 and #4 due to differences in foundation or swimming pool amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3, which are similar to the subject in age, location, and features. These comparables have improvement assessments of \$107,732 and \$116,901 or \$58.56 and \$61.11 per square foot of living area. The subject's improvement assessment of \$125,278 or \$53.06 per square foot of living area falls below the best comparables in this record on a per-square-foot basis. While the subject's assessment is above the two best comparables overall, the Board finds this logical given the subject's significantly larger dwelling and basement finish when compared to these two best comparables. Based on this record and after considering adjustments to the best

comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
