

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kogen
DOCKET NO.: 21-00678.001-R-1
PARCEL NO.: 16-32-411-173

The parties of record before the Property Tax Appeal Board are Robert Kogen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,186
IMPR.: \$240,740
TOTAL: \$313,926

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,618 square feet of living area. The dwelling was constructed in 1999 and is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an 815 square foot garage. The property has an approximately 18,147 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior

construction that range in size from 4,294 to 5,014 square feet of living area. The homes range in age from 20 to 25 years old. Each comparable has a basement, one with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 671 to 764 square feet of building area. The comparables have improvement assessments that range from \$177,170 to \$222,987 or from \$41.26 to \$44.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$200,074 or \$43.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$313,926. The subject has an improvement assessment of \$240,740 or \$52.13 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with one-story² or two-story dwellings of brick exterior construction that range in size from 3,564 to 4,861 square feet of living area. The homes were built from 1995 to 2002. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 671 to 816 square feet of building area. The comparables have improvement assessments that range from \$186,555 to \$255,764 or from \$52.34 to \$53.78 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #4 along with board of review comparables #1, #5, #6 and #7 which differ from the subject in dwelling size and/or have finished basement area in contrast to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be appellant comparables #1, #2 and #3 and board of review comparables #2, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$177,170 to \$255,764 or from \$41.26 to \$52.62 per square foot of living area. The subject's improvement assessment of \$240,740 or \$52.13 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

² Board of review comparable #4 has a ground floor area of 1,277 square feet and total above grade area of 4,541 square feet, suggesting this is a part two-story dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
