

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Wang  
DOCKET NO.: 21-00689.001-R-1  
PARCEL NO.: 12-21-224-001

The parties of record before the Property Tax Appeal Board are David Wang, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$63,349  
**IMPR.:** \$224,930  
**TOTAL:** \$288,279

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,286 square feet of living area. The dwelling was constructed in 1885 and has an effective age of 1903. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 550 square feet of building area. The property has a 4,500 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .6 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of wood siding or stucco exterior construction ranging in size from 3,058 to 3,260 square feet of living area. The homes were built from 1885 to 1895, with two comparables having effective ages of 1926 and 1955. Each dwelling has one or two fireplaces, a basement

with two having finished area,<sup>1</sup> and a garage ranging in size from 462 to 748 square feet of building area. Two comparables have central air conditioning. The parcels range in size from 9,370 to 14,880 square feet of land area. The comparables sold from April to August 2020 for prices ranging from \$807,500 to \$945,000 or from \$247.70 to \$302.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$230,545, for an estimated market value of \$691,704 or \$210.50 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$288,279. The subject's assessment reflects a market value of \$867,005 or \$263.85 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .66 of a mile of the subject and within the subject's assessment neighborhood. Comparable #4 is the same property as appellant comparable #1. The comparables consist of 1.75-story or 2-story dwellings of wood siding or stucco exterior construction ranging in size from 2,944 to 3,752 square feet of living area. The dwellings were built from 1880 to 1912, with three comparables having effective ages ranging from 1926 to 1955. Each dwelling has central air conditioning, a basement with three having finished area, and a garage ranging in size from 276 to 462 square feet of building area. Three comparables each have one or four fireplaces. The parcels range in size from 3,310 to 13,410 square feet of land area. The comparables sold from March 2020 to October 2021 for prices ranging from \$945,000 to \$1,080,000 or from \$272.29 to \$322.69 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1 and #3, as well as board of review comparables #2 through #4, which includes the common comparable, due to differences from the subject in basement finish.

---

<sup>1</sup> Comparable #1 is shared with the board of review, which reported that this comparable has 750 square feet of finished basement area, and which the appellant did not refute in rebuttal.

The Board finds the best evidence of market value to be the appellant's comparable sale #2 and board of review comparable sale #1, which are similar to the subject in age, location, dwelling size, and some features. These most similar comparables sold for prices of \$807,500 and \$1,080,000 or for \$247.70 and \$287.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$867,005 or \$263.85 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, such as central air conditioning, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
