

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christy Nolan
DOCKET NO.: 21-00699.001-R-1
PARCEL NO.: 07-10-106-003

The parties of record before the Property Tax Appeal Board are Christy Nolan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,306
IMPR.: \$155,326
TOTAL: \$186,632

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,066 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 705 square feet of building area. The property has a 40,500 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .42 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 3,852 to 4,337 square feet of living area. The homes were built from 2004 to 2008. Each dwelling has central air conditioning, a fireplace, an unfinished basement, and a garage ranging in size from 528 to 832

square feet of building area. The parcels range in size from 40,010 to 43,490 square feet of land area. The comparables sold from April 2020 to March 2021 for prices ranging from \$425,000 to \$535,000 or from \$101.45 to \$131.32 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$153,192, for an estimated market value of \$459,622 or \$113.04 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,632. The subject's assessment reflects a market value of \$561,299 or \$138.05 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .3 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 3,844 to 4,398 square feet of living area. The dwellings were built from 2004 to 2007. Each dwelling has central air conditioning, a fireplace, a basement with four having finished area, and a garage ranging in size from 704 to 987 square feet of building area. The parcels range in size from 40,240 to 44,040 square feet of land area. The comparables sold from October 2020 to May 2021 for prices ranging from \$615,000 to \$650,000 or from \$143.25 to \$159.99 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the board of review's comparables #1 through #4 due to their finished basements, a feature the subject lacks.

The Board finds the best evidence of market value to be the appellant's comparable sales and board of review comparable sale #5, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$425,000 to \$620,000 or from \$101.45 to \$150.01 per square foot of living area, including land. The subject's assessment reflects a market value of \$561,299 or \$138.05 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
