

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derek Rogers
DOCKET NO.: 21-00702.001-R-1
PARCEL NO.: 11-02-401-080

The parties of record before the Property Tax Appeal Board are Derek Rogers, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,093
IMPR.: \$166,928
TOTAL: \$234,021

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,116 square feet of living area. The dwelling was constructed in 1997. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 714 square feet of building area. The property has a 22,770 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .31 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,210 to 3,908 square feet of living area. The homes were built from 1994 to 2000, with comparable #3 having an effective age of 2001. Each dwelling has central air conditioning, a fireplace, an unfinished

basement, and a garage ranging in size from 546 to 747 square feet of building area. Comparable #1 has an inground swimming pool. The parcels range in size from 22,480 to 26,470 square feet of land area. The comparables sold from July to December 2020 for prices ranging from \$580,000 to \$725,000 or from \$165.68 to \$185.52 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$234,021, for an estimated market value of \$702,133 or \$170.59 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$254,508. The subject's assessment reflects a market value of \$765,438 or \$185.97 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on the same four comparable sales submitted by the appellant. The board of review reported that appellant comparable #3 also sold in September 2019 for \$590,000 or \$165.68 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable having sold twice. The Board gives less weight to the appellant's comparables #1 and #2 due to differences in dwelling size or inground swimming pool amenity when compared to the subject. The Board also gives reduced weight to the 2019 sale, which is less proximate to the January 1, 2021 lien date at issue.

The Board finds the best evidence of market value to be appellant's comparable sales #3 and #4, which sold proximate to the lien date at issue and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold from for prices of \$590,000 and \$648,000 or \$165.68 and \$173.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$765,438 or \$185.97 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment commensurate with appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
