

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerrold Newman
DOCKET NO.: 21-00723.001-R-1
PARCEL NO.: 10-27-206-087

The parties of record before the Property Tax Appeal Board are Jerrold Newman, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,654
IMPR.: \$81,557
TOTAL: \$112,211

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding and brick exterior construction with 1,745 square feet of living area. The dwelling was constructed in 2013. Features of the home include a concrete slab foundation, central air conditioning, and a garage containing 430 square feet of building area. The property has a 6,210 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .19 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of vinyl siding or vinyl siding and stone exterior construction ranging in size from 1,523 to 1,911 square feet of living area. The homes were built from 2008 to 2014. Each dwelling has central air conditioning, a concrete slab foundation, and a garage ranging in size

from 420 to 480 square feet of building area. The parcels range in size from 5,920 to 8,790 square feet of land area. The comparables sold from June 2020 to April 2021 for prices ranging from \$296,000 to \$355,000 or from \$182.50 to \$196.98 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$102,886, for an estimated market value of \$308,689 or \$176.90 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,211. The subject's assessment reflects a market value of \$337,477 or \$193.40 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .27 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of vinyl siding or vinyl siding and brick exterior construction ranging in size from 1,665 to 1,911 square feet of living area. The dwellings were built from 2009 to 2011. Each dwelling has central air conditioning, a concrete slab foundation, and a garage ranging in size from 418 to 480 square feet of building area. The parcels range in size from 5,720 to 6,270 square feet of land area. The comparables sold from March 2020 to September 2021 for prices ranging from \$325,000 to \$390,000 or from \$195.20 to \$204.08 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds these comparables are similar to the subject in age, location, dwelling size, and features. These comparables sold for prices ranging from \$296,000 to \$390,000 or from \$182.50 to \$204.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$337,477 or \$193.40 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, including the subject's newer date of construction than most of the comparables, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
