

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Theresa Dunkin
DOCKET NO.: 21-00725.001-R-1
PARCEL NO.: 10-14-408-013

The parties of record before the Property Tax Appeal Board are Theresa Dunkin, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,987
IMPR.: \$108,955
TOTAL: \$138,942

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 3,359 square feet of living area.¹ The dwelling was constructed in 1997. Features of the home include a basement, central air conditioning, two fireplaces, and a 726 square foot garage. The property has an approximately 12,200 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.34 of a mile from the subject. The parcels range in size from 12,200 to 14,810 square feet of land area and are

improved with 2-story homes of vinyl siding exterior construction ranging in size from 2,970 to 3,359 square feet of living area. The dwellings were built from 1997 to 1999. Each home has a basement, two of which have finished area, central air conditioning, and a 528 or a 726 square foot garage. Four homes each have one or two fireplaces. The comparables sold from February to November 2020 for prices ranging from \$348,000 to \$387,000 or from \$103.55 to \$116.70 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,942. The subject's assessment reflects a market value of \$417,871 or \$124.40 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on ten comparable sales located within 0.53 of a mile from the subject.² The parcels range in size from 12,200 to 15,680 square feet of land area and are improved with 2-story homes of vinyl siding exterior construction ranging in size from 3,292 to 3,665 square feet of living area. The dwellings were built from 1996 to 1999. Each home has a basement, five of which have finished area and two of which are walkout basements. Each home also features central air conditioning and a garage ranging in size from 682 to 824 square feet of building area. Nine homes each have one or two fireplaces. Comparables #3 and #10 each have an inground swimming pool. The comparables sold from May 2020 to November 2021 for prices ranging from \$121.34 to \$151.75 per square foot of living area, including land.

The board of review submitted a brief contending that the subject's neighborhood is within two school districts. The board of review asserted the subject property is within the Fremont D75 district. The board of review argued the appellant's comparables are primarily located in the Mechanics Grove D75 district. However, the board of review presented five comparables in the Fremont D75 district and five comparables in the Mechanics Grove D75 district, contending that both sets of comparables support an increase in the subject's assessment. Based on this evidence the board of review requested an increase in the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fifteen comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's

² The comparables are presented in two grid analyses. The comparables described in the second grid analysis are renumbered as comparables #6 through #10 for ease of reference.

comparables #2 through #6 and #10, due to substantial differences from the subject in basement finish and/or inground swimming pool amenity.

The Board finds the best evidence of market value to be the appellant's comparables #1, #4, and #5 and the board of review's comparables #1, #7, #8, and #9, which are similar to the subject in dwelling size, age, location, lot size, and features. These most similar comparables sold for prices ranging from \$365,000 to \$539,000 or from \$109.31 to \$151.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$417,871 or \$124.40 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
