

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Berry Tucker
DOCKET NO.: 21-00735.001-R-1
PARCEL NO.: 15-22-206-007

The parties of record before the Property Tax Appeal Board are Berry Tucker, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,260
IMPR.: \$113,557
TOTAL: \$153,817

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story part 2-story dwelling¹ of brick exterior construction with 3,444 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and a 480 square foot garage. The property has an approximately 10,020 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.36 of a mile from the subject. The parcels range in size from 5,230 to 10,890 square feet of land area and are

¹ Although the parties reported the subject is a 1-story home, the subject's property record card presented by the board of review, which contains a sketch with measurements, depicts second floor living area. Thus, the Board finds the subject is a part 1-story part 2-story home.

improved with part 1-story part 2-story homes² of brick exterior construction ranging in size from 3,026 to 3,354 square feet of living area. The dwellings were built from 1994 to 1996. Each home has a concrete slab foundation, central air conditioning, one or two fireplaces, and a garage ranging in size from 400 to 480 square feet of building area. The comparables sold from July 2020 to January 2021 for prices ranging from \$350,000 to \$440,000 or from \$108.26 to \$131.19 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,817. The subject's assessment reflects a market value of \$462,608 or \$134.32 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.38 of a mile from the subject. The parcels range in size from 7,840 to 9,580 square feet of land area and are improved with 2-story or part 1-story part 2-story homes³ of brick exterior construction ranging in size from 3,393 to 3,502 square feet of living area. The dwellings were built in 1993 or 1995. Each home has a concrete slab foundation, central air conditioning, a fireplace, and a garage ranging in size from 400 to 480 square feet of building area. The comparables sold from June to December 2021 for prices ranging from \$520,000 to \$575,000 or from \$153.26 to \$166.96 per square foot of living area, including land.

The board of review submitted a brief contending that four of the appellant's comparables are smaller homes than the subject. The board of review further contended the appellant's comparable #3 had dated features and décor when it sold and the appellant's #1 was listed for sale in 2021 for \$509,000.

Based on this evidence the board of review requested the subject's assessment be increased to \$191,648 which would reflect a market value of \$576,385 or \$167.36 per square foot of living area, including land, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or

² The appellant reported these comparables are 1-story homes but also reported that each home has above ground living area that is greater than the reported ground floor living area, indicating these homes have second floor living area.

³ The board of review reported comparables #1, #2, and #5 are 1-story homes but also reported that each home has above ground living area that is greater than the reported ground floor living area, indicating these homes have second floor living area.

construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #3, #4, and #5 and the board of review's comparables, which are similar to the subject in dwelling size, age, location, lot size, and features. These most similar comparables sold for prices ranging from \$350,000 to \$575,000 or from \$108.26 to \$166.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$462,608 or \$134.32 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
