

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Olson
DOCKET NO.: 21-00738.001-R-1
PARCEL NO.: 15-28-206-066

The parties of record before the Property Tax Appeal Board are Andrea Olson, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,693
IMPR.: \$138,461
TOTAL: \$177,154

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,463 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning, a fireplace, a 440 square foot garage, and an inground swimming pool. The property has an approximately 18,100 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.77 of a mile from the subject. The parcels range in size from 8,760 to 14,940 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 2,092 to 2,855 square feet of living area. The dwellings were built from 1985 to 1989, with comparable #4 having a reported effective age of 1988. Each home has a basement, three of which have

finished area, central air conditioning, and a garage ranging in size from 400 to 483 square feet of building area. Four homes each have a fireplace. The comparables sold from June 2020 to May 2021 for prices ranging from \$410,000 to \$541,000 or from \$183.28 to \$215.11 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,154. The subject's assessment reflects a market value of \$532,794 or \$216.32 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.83 of a mile from the subject. Comparable #3 is the same property as the appellant's comparable #1, but is a different sale of this property than reported by the appellant. The parcels range in size from 8,840 to 11,380 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 2,252 to 2,467 square feet of living area. The dwellings were built from 1987 to 1990. Each home has a basement, four of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 420 to 483 square feet of building area. The comparables sold from February to November 2021 for prices ranging from \$472,000 to \$555,555 or from \$196.01 to \$239.14 per square foot of living area, including land.

The board of review submitted a brief contending that the appellant's comparables differ from the subject in dwelling size and two of these comparables lack finished basement area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales, with one common sale and one comparable having sold twice, for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #5 and the board of review's comparable #2, due to substantial differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables #1, #3, #4 and #5, including the common property which sold twice. These comparables are similar to the subject in dwelling size, age, location, and features, although these comparables have smaller sites than the subject and none of these comparables has an inground swimming pool like the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar

comparables sold for prices ranging from \$420,000 to \$551,000 or from \$186.50 to \$239.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$532,794 or \$216.32 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
