

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sanela Hatibovic
DOCKET NO.: 21-00766.001-R-1
PARCEL NO.: 15-04-306-006

The parties of record before the Property Tax Appeal Board are Sanela Hatibovic, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,328
IMPR.: \$84,888
TOTAL: \$108,216

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,200 square feet of living area. The dwelling was constructed in 1976. Features of the home include a lower level, a basement with finished area, central air conditioning, and a garage containing 483 square feet of building area. The property has a 6,640 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .5 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of wood siding exterior construction ranging in size from 1,200 to 1,290 square feet of living area. The homes were built from 1977 to 1984. Each dwelling has central air conditioning, a lower level, and a garage containing either 441 or 483 square feet of building

area. Three comparables each have a fireplace and one comparables has a basement with finished area. The parcels range in size from 7,200 to 9,050 square feet of land area. The comparables sold from February to December 2020 for prices ranging from \$240,000 to \$299,000 or from \$189.13 to \$249.17 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$88,195, for an estimated market value of \$264,611 or \$220.51 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,216. The subject's assessment reflects a market value of \$325,461 or \$271.22 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a memorandum and information on five comparable sales located within .73 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of wood siding exterior construction containing either 1,200 or 1,250 square feet of living area. The dwellings were built from 1975 to 1978, with comparable #5 having an effective age of 1985. Each dwelling has central air conditioning, a lower level with two having finished area, and a garage containing either 483 or 506 square feet of building area. Three comparables each have a fireplace and two comparables have basements with one having finished area. The parcels range in size from 6,500 to 9,620 square feet of land area. The comparables sold from May 2020 to April 2021 for prices ranging from \$322,600 to \$392,000 or from \$268.83 to \$313.60 per square foot of living area, including land. The board of review also submitted a memorandum critiquing the appellant's comparables and arguing that the appellant's comparables sold prior to the COVID-19 pandemic and thus do not accurately reflect market value. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5, as well as board of review comparables #3 through #5, which lack basements, a feature of the subject.

The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable sales #1 and #2, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from

\$240,000 to \$335,000 or from \$189.13 to \$279.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$325,461 or \$271.22 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
