

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harish Bharathan
DOCKET NO.: 21-00775.001-R-1
PARCEL NO.: 15-21-219-116

The parties of record before the Property Tax Appeal Board are Harish Bharathan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,456
IMPR.: \$108,575
TOTAL: \$135,031

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 1,983 square feet of living area. The dwelling was constructed in 2013. Features of the home include an unfinished basement, central air conditioning, and a garage containing 420 square feet of building area. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .28 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 1,874 to 2,458 square feet of living area. The homes were built from 2006 to 2011. Each dwelling has central air conditioning and a garage ranging in size from 420 to 460 square feet of building area. Two comparables each have

a fireplace, four comparables have basements, one of which has finished area,¹ and one comparable has a concrete slab foundation. The comparables sold from April 2020 to September 2021 for prices ranging from \$319,900 to \$480,000 or from \$170.70 to \$214.32 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$121,172, for an estimated market value of \$363,552 or \$183.33 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,031. The subject's assessment reflects a market value of \$406,108 or \$204.79 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a memorandum and information on five comparable sales located within .28 of a mile of the subject and within the subject's assessment neighborhood. Comparables #1, #2, and #3 are the same properties as appellant comparables #3, #4, and #5, respectively. The comparables consist of two-story dwellings of brick exterior construction each containing 1,983 square feet of living area. The dwellings were built in either 2006 or 2013. Each dwelling has central air conditioning, a basement with two having finished area,² and a garage containing 420 square feet of building area. The comparables sold from July 2020 to August 2021 for prices ranging from \$404,000 to \$425,000 or from \$203.73 to \$214.32 per square foot of living area, including land. The board of review also submitted a memorandum critiquing the appellant's comparables and arguing that each of the board of review's comparables are end-units and share the same floor plan as the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with three comparables being common to the parties. The Board gives less weight to the appellant's comparables #1 and #2 due to differences in dwelling size or foundation when compared to the subject. The Board also gives reduced weight to appellant comparable #3/board of review comparable #1 and board of review comparable #4, which have finished basement area unlike the subject.

¹ The board of review submitted a Multiple Listing Service sheet for appellant comparable #3, which indicates that the comparable has finished basement area.

² The board of review submitted a Multiple Listing Service sheet for its comparable #4, which indicates that the comparable has finished basement area.

The Board finds the best evidence of market value to be appellant's comparable sales #4, and #5 along with board of review comparable sales #2, #3, and #5, including two common comparables, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$404,000 to \$425,000 or from \$203.73 to \$214.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$406,108 or \$204.79 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
