

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tony Kriss  
DOCKET NO.: 21-00783.001-R-1  
PARCEL NO.: 16-06-403-020

The parties of record before the Property Tax Appeal Board are Tony Kriss, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$96,687  
**IMPR.:** \$141,623  
**TOTAL:** \$238,310

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,345 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 594 square foot garage. The property has a 21,340 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .22 of a mile from the subject property. The appellant reported that the comparables have sites ranging in size from 21,780 to 28,310 square feet of land area and are improved with 2-story dwellings of wood siding, brick, or brick and wood siding exterior construction ranging in size from 2,738 to 4,311 square feet of living area. The homes were built from 1978 to 1989. One comparable has a

basement and three comparables have concrete slab foundations. Each dwelling has central air conditioning, two or three fireplaces, and a garage ranging in size from 576 to 897 square feet of building area. The comparables sold from July to October 2020 for prices ranging from \$515,000 to \$853,500 or from \$188.09 to \$237.97 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$238,310. The subject's assessment reflects a market value of \$716,722 or \$214.27 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .20 of a mile from the subject property. Comparables #1 and #4 are duplicates of appellant's comparables #4 and #3, respectively. The board of review reported that the comparables have sites ranging in size from 24,830 to 60,110 square feet of land area and are improved with 2-story dwellings of brick exterior construction ranging in size from 2,801 to 4,311 square feet of living area. The dwellings were built from 1985 to 1992. One comparable has a basement with finished area and three comparables have concrete slab foundations. Each comparable has central air conditioning, two fireplaces, and a garage ranging in size from 576 to 718 square feet of building area. The comparables sold from July to October 2020 for prices ranging from \$717,000 to \$1,005,000 or from \$197.98 to \$282.04 per square foot of living area, land included. The board of review also submitted a Multiple Listing Service sheet associated with the sale of appellant's comparable #1 disclosing an original list price of \$699,000 and it sold "as is" for \$515,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board which includes two common comparables. The Board gives less weight to the parties' common comparable (appellant's comparable #3 and board of review comparable #4) which is less similar in dwelling size to the subject and the other comparables in the record. The Board gives less weight to board of review comparables #2 and #3 due to their dissimilar style or larger site size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #1, #2 and #4 which includes a common comparable. The comparables have varying degrees of similarity in location, age, dwelling size, and features when compared to the subject. The properties sold from July to September 2020 for prices ranging from \$515,000 to \$778,000 or from \$188.09 to

\$237.97 per square foot of living area, land included. The subject's assessment reflects a market value of \$716,722 or \$214.27 per square foot of living area, land included, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
