

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xuemei Liu
DOCKET NO.: 21-00831.001-R-1
PARCEL NO.: 15-16-207-014

The parties of record before the Property Tax Appeal Board are Xuemei Liu, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,254
IMPR.: \$188,455
TOTAL: \$227,709

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,567 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 672 square foot garage. The property has an approximately 20,038 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .20 of a mile from the subject property. The comparables have sites that range in size from 10,150 to 12,200 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,224 to 3,848 square feet of living area. The dwellings were built from 1994 to 2001. The comparables have basements with three having finished area.

Each comparable has central air conditioning and a garage ranging in size from 484 to 733 square feet of building area. Three comparables each have one or two fireplaces. The properties sold from June 2020 to January 2021 for prices ranging from \$575,000 to \$647,000 or from \$149.43 to \$190.80 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$227,709. The subject's assessment reflects a market value of \$684,839 or \$191.99 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .90 of a mile from the subject property. The comparables have sites that range in size from 9,460 to 20,810 square feet of land area and are improved with two-story dwellings of brick or wood siding and brick exterior construction that range in size from 3,213 to 3,898 square feet of living area. The homes were built from 1990 to 2000. The comparables have basements, three with finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 800 square feet of building area. Comparable #4 has an inground swimming pool. The properties sold from August 2020 to September 2021 for prices ranging from \$630,000 to \$756,000 or from \$193.95 to \$203.80 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 along with board of review comparables #3 and #4, which have unfinished basements or an inground swimming pool when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables which overall are more similar to the subject in location, age, design, dwelling size and other features. These five comparables sold from August 2020 to September 2021 for prices ranging from \$582,000 to \$735,000 or from \$165.41 to \$196.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$684,839 or \$191.99 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
