

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Murphy
DOCKET NO.: 21-00862.001-R-1
PARCEL NO.: 14-07-101-014

The parties of record before the Property Tax Appeal Board are Daniel Murphy, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,837
IMPR.: \$200,588
TOTAL: \$270,425

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 6,201 square feet of living area. The dwelling was constructed in 1988 and has a reported effective age of 1991. Features of the home include a full walk-out basement, central air conditioning, four fireplaces and a 1,058 square foot garage. The property has a 44,170 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and located within .37 of a mile from the subject property. The comparables have sites that range in size from 31,710 to 55,090 square feet of land area. The

appellant reported the comparables are improved with 1-story,¹ 2-story or 2.5-story dwellings of brick or wood siding exterior construction ranging in size from 4,649 to 7,015 square feet of living area. The dwellings were built from 1988 to 2000 with comparables #2 and #4 having reported effective ages of 1992 and 2003, respectively. The comparables each have a full basement, two of which are walk-outs. Each comparable has central air conditioning, one to four fireplaces and a garage ranging in size from 961 to 1,261 square feet of building area. Comparable #1 has an inground swimming pool. The comparables sold from January 2020 to February 2021 for prices ranging from \$525,000 to \$840,000 or from \$112.93 to \$129.67 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The appellant also indicated on the Residential Appeal petition that the subject property is an owner occupied dwelling.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$279,017. The subject's assessment reflects a market value of \$839,149 or \$135.32 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue. The board of review also disclosed that the first year of the general assessment cycle for the subject property was 2019. Additionally, the board of review reported that a township equalization factor of 1.0000 was applied in 2021.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and located within .53 of a mile from the subject property. The comparables have sites that range in size from 28,310 to 68,610 square feet of land area. The comparables are improved with 1-story² or 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 6,011 to 7,020 square feet of living area. The dwellings were built from 1989 to 2005. The comparables each have a full basement, two of which are walk-outs and one of which has finished area. Each comparable has central air conditioning, two to six fireplaces and a garage ranging in size from 1,020 to 1,972 square feet of building area. Comparable #3 has an inground swimming pool. The comparables sold from October 2020 to December 2021 for prices ranging from \$1,375,000 to \$1,900,000 or from \$205.53 to \$294.03 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The Property Tax Appeal Board takes judicial notice that the subject property was the subject matter of an appeal before the Board the prior year under Docket Number 20-04614.001-R-1. In that appeal, the Property Tax Appeal Board issued a decision lowering the total assessment of the subject property to \$270,425 based on the evidence submitted by the parties. Furthermore, the Board finds that the subject property for tax year 2021 is owner-occupied according to the appellant's appeal petition, and further supported by the subject's property record card presented

¹ The appellant's comparable #4 has a ground floor area of 2,562 square feet with an above ground area of 7,015 square feet, suggesting the dwelling is part two-story in design.

² The board of review's comparable #2 has a ground floor area of 1,743 square feet with an above ground area of 6,011 square feet, suggesting the dwelling is part two-story in design.

by the board of review indicating the subject received the general homestead exemption for the 2021 tax year.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) a reduction in the subject's assessment is warranted. In pertinent part, section 16-185 of the Property Tax Code provides:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2020 tax year under Docket No. 20-04614.001-R-1 in which a decision was issued based upon the evidence presented by the parties reducing the subject's total assessment to \$270,425. The record indicates that the subject property is an owner-occupied dwelling. The Board also finds that the 2020 and 2021 tax years are within the same general assessment period and an equalization factor of 1.0000 was applied in Ela Township in 2021. Furthermore, the decision of the Property Tax Appeal Board for the 2020 tax year has not yet been reversed or modified upon review and there was no evidence the subject property subsequently sold establishing a different fair cash value. Therefore, applying section 16-185 of the Property Tax Code would result in a reduced total assessment of \$270,425, which is less than the 2021 total assessment of the subject property of \$279,017.

Additionally, notwithstanding the dictates of Section 16-185 of the Property Tax Code, the record contains ten comparable sales submitted by the parties to support their respective positions. The Board has given less weight to the appellant's comparables #1, #3 and #4, as well as board of review comparable #3 due to differences from the subject in dwelling size and/or they have an inground swimming pool, not a feature of the subject. The Board has also given less weight to board of review comparables #1, #4 and #5 due to their newer dwelling ages and/or finished basement area when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, dwelling size and some features. The comparables sold from May 2020 to May 2021 for prices ranging from \$745,000 to \$1,595,000 or from \$114.21 to \$263.35 per square foot of living area, including land. The subject's total assessment after reduction reflects a market value of \$813,308 or \$131.16 per

square foot of living area, land included, which falls within the range established by the best comparable sales in the record. The Board finds on this record that the comparables demonstrate the subject property, once reduced as an owner-occupied property, is correctly valued for assessment purposes.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
