

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kimberly Brunner
DOCKET NO.: 21-00877.001-R-1
PARCEL NO.: 14-13-201-049

The parties of record before the Property Tax Appeal Board are Kimberly Brunner, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,914
IMPR.: \$141,422
TOTAL: \$175,336

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick and wood siding exterior construction with 3,043 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, central air conditioning, two fireplaces and a 650 square foot garage. The property has a 9,060 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .56 of mile from the subject property. The comparables have sites that range in size from 7,070 to 11,630 square feet of land area. The

appellant reported the comparables are improved with 1-story¹ or 2-story dwellings of wood siding exterior construction ranging in size from 2,634 to 3,558 square feet of living area. The dwellings were built from 1987 to 1997. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 552 to 721 square feet of building area. Comparable #1 has an inground swimming pool. The comparables sold from June 2020 to March 2021 for prices ranging from \$370,000 to \$540,000 or from \$125.17 to \$157.56 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$175,336. The subject's assessment reflects a market value of \$527,326 or \$173.29 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .66 of a mile from the subject property. The comparables have sites that range in size from 8,800 to 13,850 square feet of land area. The board of review reported that the comparables are improved with 1-story² or 1.5-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,950 to 3,478 square feet of living area. The dwellings were built from 1989 to 1996. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 621 to 962 square feet of building area. Comparable #5 has an inground swimming pool. The comparables sold from July 2020 to October 2021 for prices ranging from \$545,000 to \$628,000 or from \$178.26 to \$205.05 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1 and #5 which differ from the subject in dwelling size and/or have an inground swimming pool, unlike the subject.

¹ The appellant's comparables #2 and #4 have ground floor areas of 1,096 and 930 square feet with above ground areas of 3,208 and 2,956 square feet, respectively, suggesting the dwellings are part two-story.

² The board of review's comparables #1, #3 and #5 have ground floor areas of 1,559, 759 and 1,038 square feet with above ground areas of 3,408, 2,950 and 3,478 square feet, respectively, suggesting the dwellings are part two-story.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, age and some features. The comparables sold from June 2020 to October 2021 for prices ranging from \$370,000 to \$625,000 or from \$125.17 to \$205.05 per square foot of living area, including land. Removing the low and high sale prices, appellant's comparable #4 and board of review comparable #2, results in a tighter value range from \$479,900 to \$585,000 or from \$141.23 to \$184.75 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$527,326 or \$173.29 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record and well within the narrower range of sales after removing the low and high sales. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
