

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Juan Gamboa
DOCKET NO.: 21-00896.001-R-1
PARCEL NO.: 08-18-100-003

The parties of record before the Property Tax Appeal Board are Juan Gamboa, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,355
IMPR.: \$66,638
TOTAL: \$72,993

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a bi-level/raised ranch dwelling of wood siding exterior construction with 1,106 square feet of above ground living area. The dwelling was constructed in 2005. Features of the home include a finished lower level, central air conditioning and a 988 square foot garage. The property has a 10,700 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .25 of mile from the subject property. The comparables have sites that range in size from 15,020 to 17,520 square feet of land area. The comparables are improved with ranch or split-level dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,056 to 1,392 square feet of above ground

living area. The dwellings were built from 1976 to 1986. One comparable has a finished lower level and four comparables each have a basement. Two comparables have central air conditioning, one comparable has a fireplace and each comparable has a garage ranging in size from 440 to 576 square feet of building area. The comparables sold from July to December 2020 for prices ranging from \$135,000 to \$225,000 or from \$122.13 to \$167.41 per square foot of above ground living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,993. The subject's assessment reflects a market value of \$219,528 or \$198.49 per square foot of above ground living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located within .93 of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 7,380 to 31,480 square feet of land area. The comparables are improved with bi-level/raised ranch or split-level dwellings of wood siding or aluminum siding exterior construction ranging in size from 974 to 1,142 square feet of above ground living area. The dwellings were built from 1960 to 2008 with comparable #5 having a reported effective age of 1989. Each comparable has a finished lower level and a garage ranging in size from 400 to 576 square feet of building area. Two comparables have central air conditioning. The comparables sold from September 2020 to December 2021 for prices ranging from \$212,000 to \$237,000 or from \$201.40 to \$243.33 per square foot of above ground living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #4 and #5 due to differences from the subject in design and/or the dwellings are more than 25 years older than the subject.

The Board finds the best evidence of market value to be board of review comparables #1, #2 and #3, which are all bi-level/raised ranch designs, like the subject and they are relatively similar to the subject in location, dwelling size and some features. However, the Board finds board of review comparable #1 has a larger site size when compared to the subject, suggesting a downward adjustment would be required to make this comparable more equivalent to the subject. Additionally, board of review comparables #2 and #3 each lack central air conditioning, a feature

of the subject and board of review comparable #2 is 19 years older than the subject, suggesting upward adjustments for these differences would be required. Nevertheless, the comparables sold from September 2020 to December 2021 for prices ranging from \$215,000 to \$237,000 or from \$201.40 to \$243.33 per square foot of above ground living area, including land. The subject's assessment reflects a market value of \$219,528 or \$198.49 per square foot of above ground living area, including land, which falls within the range established by the best comparable sales in the record in terms of overall market value but below the range on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
