

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amit Bodhani  
DOCKET NO.: 21-00907.001-R-1  
PARCEL NO.: 11-33-116-015

The parties of record before the Property Tax Appeal Board are Amit Bodhani, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,449  
**IMPR.:** \$130,441  
**TOTAL:** \$172,890

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,968 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning and a 430 square foot garage. The property has a 12,220 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .22 of a mile from the subject property. The comparables have sites that range in size from 10,450 to 11,230 square feet of land area. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,807 to 3,734 square feet of living area that were each built in 2001. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 430 to 623

square feet of living area. The comparables sold from March to July 2020 for prices ranging from \$400,000 to \$565,000 or from \$119.40 to \$163.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,890. The subject's assessment reflects a market value of \$519,970 or \$175.19 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on two comparable sales that are located within .41 of a mile from the subject property, one of which has the same assessment neighborhood code as the subject. The comparables have sites with either 10,764 or 12,345 square feet of land area. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction containing 2,968 or 3,050 square feet of living area. The dwellings were built in either 2001 or 2003. Each comparable has a basement, central air conditioning and a garage with 430 or 591 square feet of building area. Comparable #1 has a fireplace. The comparables sold in August 2020 and April 2021 for prices of \$571,000 and \$585,000 or for \$191.80 and \$192.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #3 due to their larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from July 2020 to April 2021 for prices ranging from \$460,000 to \$585,000 or from \$163.88 to \$192.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$519,970 or \$175.19 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
