

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fred Winkler
DOCKET NO.: 21-00933.001-R-1
PARCEL NO.: 15-14-403-055

The parties of record before the Property Tax Appeal Board are Fred Winkler, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,754
IMPR.: \$153,289
TOTAL: \$219,043

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling¹ of wood siding and brick exterior construction with 3,233 square feet of living area. The dwelling was constructed in 1972 and has a reported effective age of 1978. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 551 square foot garage. The property has a 20,000 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .64 of mile from the subject property.

¹ The Board finds the best description of the subject dwelling's story height is found in the subject's property record card provided by the board of review that contained a schematic diagram and dimensions of the dwelling.

The comparables have sites that range in size from 19,600 to 20,470 square feet of land area. The comparables are improved with 1.5-story or 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,789 to 3,390 square feet of living area. The dwellings were built from 1966 to 1985 with comparables #3 and #4 having reported effective ages of 1986 and 1970, respectively. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 460 to 1,254 square feet of building area. The comparables sold from February 2020 to June 2021 for prices ranging from \$485,000 to \$635,000 or from \$153.80 to \$179.89 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$219,043. The subject's assessment reflects a market value of \$658,776 or \$203.77 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .62 of a mile from the subject property. The comparables have sites that range in size from 19,600 to 51,840 square feet of land area. The comparables are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,816 to 3,432 square feet of living area. The dwellings were built from 1967 to 1977 with comparables #1, #2 and #3 having reported effective ages of 1974, 1978 and 1972, respectively. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage ranging in size from 484 to 962 square feet of building area. The comparables sold from October 2020 to August 2021 for prices ranging from \$675,000 to \$795,000 or from \$200.83 to \$244.41 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3, #4 and #5 due to their lack of finished basement area or newer age, when compared to the subject dwelling. Furthermore, the appellant's comparable #5 has a smaller dwelling size when compared to the subject. The Board has given reduced weight to board of review comparables #1 and #3 due to their larger site size or smaller dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, site size, dwelling size and age, and each has finished basement area, like the subject. The comparables sold from October 2020 to August 2021 for prices ranging from \$485,000 to \$795,000 or from \$155.75 to \$244.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$658,776 or \$203.77 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
