

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jorge Zamudio  
DOCKET NO.: 21-00937.001-R-1  
PARCEL NO.: 15-14-403-038

The parties of record before the Property Tax Appeal Board are Jorge Zamudio, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$62,913  
**IMPR.:** \$100,931  
**TOTAL:** \$163,844

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding and brick exterior construction with 2,798 square feet of living area. The dwelling was constructed in 1971 and has a reported effective age of 1976. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 434 square foot garage. The property has a 20,910 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .59 of mile from the subject property. The comparables have sites that range in size from 20,040 to 23,520 square feet of land area. The comparables are improved with one-story dwellings of wood siding or brick exterior construction ranging in size from 2,572 to 3,157 square feet of living area. The dwellings were

built from 1957 to 1968 with comparables #2, #3 and #4 having reported effective ages of either 1961 or 1964. Comparable #4 has a basement with finished area and four comparables each have a crawl space foundation. Each comparable has central air conditioning and a garage ranging in size from 380 to 818 square feet of building area. Four comparables each have one or three fireplaces. The comparables sold in August 2020 or March 2021 for prices ranging from \$345,000 to \$479,000 or from \$131.68 to \$162.76 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,844. The subject's assessment reflects a market value of \$492,764 or \$176.11 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .59 of a mile from the subject property. The comparables have sites that range in size from 19,170 to 21,780 square feet of land area. The comparables are improved with one-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,760 to 3,340 square feet of living area. The dwellings were built from 1958 to 1976 with comparables #2, #3 and #4 having reported effective ages of either 1971 or 1974. Two comparables each have a basement, one of which has finished area and three comparables each have either a crawl space or a concrete slab foundation. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 436 to 594 square feet of building area. The comparables sold from March 2020 to July 2021 for prices ranging from \$488,000 to \$620,000 or from \$176.17 to \$190.33 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #4 and #5 due to differences from the subject in dwelling size or age.

The Board finds the best evidence of market value to be board of review comparables #1, #2 and #3, which are overall more similar to the subject in location, dwelling size, design, age and some features. However, the Board finds two of the comparables lack a basement and none of the comparables have finished basement area, both features of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from May to July 2021 for prices ranging from \$525,000 to

\$555,000 or from \$176.17 to \$190.33 per square foot of living area, including land. The subject's assessment reflects a market value of \$492,764 or \$176.11 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. Based on this record, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
