

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Kuby  
DOCKET NO.: 21-00951.001-R-1  
PARCEL NO.: 15-25-102-001

The parties of record before the Property Tax Appeal Board are Andrew Kuby, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$67,799  
**IMPR.:** \$112,207  
**TOTAL:** \$180,006

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,997 square feet of living area. The dwelling was constructed in 1959 and has a reported effective age of 1968. Features of the home include a crawl space foundation, central air conditioning, two fireplaces and a 1,047 square foot attached garage. The property has a 33,110 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .97 of a mile from the subject property. The comparables have sites that range in size from 43,560 to 87,760 of land area. The comparables are improved with one-story dwellings of brick, wood siding or wood siding and brick exterior construction ranging in size from 2,734 to 3,790 square feet of living area. The

dwelling were built from 1957 to 1983 with comparable #1 having a reported effective age of 1964. Comparable #2 has a basement with finished area and three comparables have either a crawl space or a concrete slab foundation. Each comparable has central air conditioning and one to three fireplaces. Three comparables each have an attached garage containing either 638 or 840 square feet of building area and two comparables each have either a 572 or a 616 square foot detached garage. Comparable #3 has a stable. The comparables sold from February 2020 to April 2021 for prices ranging from \$380,000 to \$610,000 or from \$129.21 to \$160.95 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,006. The subject's assessment reflects a market value of \$541,371 or \$180.64 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located from .12 of a mile to 1.40 miles from the subject property. The comparables have sites that range in size from 26,140 to 90,840 of land area. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 2,563 to 3,246 square feet of living area. The dwellings were built from 1957 to 1964 with comparables #2 and #3 having reported effective ages of 1973 and 1965, respectively. Comparable #3 has central air conditioning. Each comparable has one or two fireplaces. Two comparables each have either a 528 or a 604 square foot attached garage. The comparables sold from September 2020 to September 2021 for prices ranging from \$547,500 to \$675,500 or from \$208.10 to \$238.01 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration. The Board finds none of the comparables are truly similar to the subject due to significant differences in location, dwelling size, age, foundation type and/or features. However, the Board has given less weight to the appellant's comparables #1, #2 and #4 due to differences from the subject in dwelling size, foundation type or age. The Board has also given less weight to board of review comparables #2 and #3 due to their distant locations from the subject being more than one mile away.

The Board finds the appellant's comparable #3 and board of review comparable #1 are overall most similar to the subject in location, dwelling size, design, age and foundation type. These two comparables sold from February 2020 to May 2021 for prices of \$455,000 and \$547,500 or for \$135.50 and \$213.62 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$541,371 or \$180.64 per square foot of living area, including land, which is bracketed by the two most similar comparables in the record. Based on this record and after considering adjustments to these most similar comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
