

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Trisoliere
DOCKET NO.: 21-00964.001-R-1
PARCEL NO.: 15-29-104-001

The parties of record before the Property Tax Appeal Board are Jeffrey Trisoliere, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,592
IMPR.: \$115,364
TOTAL: \$144,956

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,439 square feet of living area. The dwelling was constructed in 1975. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has a 9,420 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .58 of a mile from the subject property. The comparables have sites that range in size from 6,400 to 8,060 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,103 to 2,432 square feet of living area. The dwellings were built from 1976 to 1982. Each comparable has a basement, central air conditioning, and a 400 to 462

square foot garage. Four comparables each have one fireplace. The properties sold from January to July 2020 for prices ranging from \$336,000 to \$360,000 or from \$147.00 to \$166.43 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,956. The subject's assessment reflects a market value of \$435,958 or \$178.74 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .54 of a mile from the subject property. The comparables have sites that range in size from 6,400 to 9,050 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,264 to 2,456 square feet of living area. The homes were built from 1975 to 1982. The comparables have basements, three with finished area. Each comparable has central air conditioning and a 375 to 440 square foot garage. Four comparables each have one fireplace. The properties sold from May 2020 to May 2021 for prices ranging from \$460,000 to \$488,000 or from \$193.81 to \$215.55 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #2 which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of market value to be board of review comparables #3, #4 and #5 which have finished basement area and are similar to the subject in location, age, design, dwelling size and other features. These three comparables sold from May to May 2021 for prices of \$460,000 and \$488,000 or from \$195.91 to \$215.55 per square foot of living area, including land. The subject's assessment reflects a market value of \$435,958 or \$178.74 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
